

Plenary Video – Year 6 – Order numbers to 10,000,000

Introduction

These videos are designed to be interactive. Children will need a whiteboard and pen, or a piece of paper and a pencil to write down numbers. You will be told when to pause the video in order for children to work out the answers and also to discuss questions asked. You can also take it at your own pace and pause when necessary.

This video covers the Year 6 Objective: Order numbers to 10,000,000 and read and write numbers to 10,000,000.

Explain to the children that they are going to watch a video where they will be ordering numbers within 10,000,000.

		Children's activity
Start	Play video for children.	
13 seconds 	The first video score is given and is written on the screen. A pause sign is given to indicate the screen to be paused whilst the children write the number.	Children will write the name of the character and the number in words. Malachi - 6,393,343

Plenary Video – Year 6 – Order numbers to 10,000,000

		Children's activity
1 minute and 12 seconds 	Reasoning section: Zach thinks he will get third choice and Leanna thinks she will get second choice.	
1 minute and 20 seconds 	The question and statements are shown, along with everyone's points. Pause the video so that children can work out the answer to the questions.	Children use their whiteboards to order the points and answer the questions given.
1 minute and 28 seconds	The points change to show the answers. At this point, check that children's numbers have been written correctly and address any misconception.	Children check their answers and that they have written their numbers correctly.
	The children then come up one by one to receive their snacks. Video ends
